WE BEG TO ANNOUNCE that we have been appointed Sole Agents for the sale of the above Patent Tie in Virginia and North Carolina.

The satisfaction it gave last season wherever used, warrants us in recommending it as the best tie yet introduced. TO PLANTERS purchasing Cotton Gins, I would be pleased to call their attention to the "GULLETT STEEL BRUSH," which for superiority in ginning and cleaning the staple is warranted to effect. GOV. HOLDEN AND THE TOURGEE LETTER.

We have more than once made the distinct charge that Holden, Pool, Settle and others, did, last Spring, enter into a deliberate conspiracy to employ the military in this State to carry the August elections for the Radical party, and failing in that, to bring about such a condition of affairs as to serve as an excuse for Congress to interfere and set aside the elections altogether. No stone has been left unturned to accomplish the intended purpose, evidences of which are daily developing, and the plan has been defeated only by the most extraordinary prudence and moderation of our people in the most trying circumstances in which a free people have ever been forced.

A part of the plan as heretofore stated, was to obtain the pledge of the President to back up Holden and company in their infamous designs, and also to produce conviction upon the public mind at the North, of an awful condition of affairs here, in order that the pressure of that opinion might be brought to bear upon the President in his action on the matter. A part of this plan, as shown by facts published to the world, was to spread broadcast in the North, accounts of brutal outrages on Union men in the South by Conservatives or Democrats, and to this end Holden's *promiscuous* proclamations were gotten up, sent to Washington City, where, through Pool's instrumentality they were to find their way extensively into the Northern press.

Tourgee's letter was to perform the same service. Tourgee wrote to Abbott and, no doubt, thought he had put lies enough in it to all practical purposes, but the Governor gets a copy of the letter when in Washington City; Pool was present, and we can readily imagine the little private scene that ensued between these two worthies, when they retired to confer as to how they could make this piece of stock in trade most profitable.

We have Tourgee's and Abbott's word for it, as to what shape the letter was in when it went into Governor Holden's hands. We have the published letter and the *Tribune's* declaration, as to the shape it had taken when it got into the *Tribune* office.

The *Standard* says the copy of the letter that Gov. Holden got was handed to Mr. Beecher "for information." Were the little alterations made in it in order to make the "information" as startling as possible, under the impression that it would be incorporated into an editorial and not published as a communication? At any rate there were alterations made in the letter; Abbott says they were not made by him; the *Tribune* says it was not garbled in *its* hands. This seems to narrow the work down to the intermediate possessor of the letter, namely, to Governor Holden.

The Governor in the *Standard*, speaking of the close corner in which the present aspect of affairs places him in the matter, employs his usual argument, and says, "it's a lie." Well, if it is a "lie," it is Tourgee's lie, or Abbott's lie; or Greeley's lie, or his own lie. No one pretends to deny but what there is a lie out, and the only difficulty at present seems to be, whether it shall be located on one of the parties in the transaction, or shared by them all jointly. As the matter now stands before the public, Tourgee, Abbott and Greeley seem disposed to give the Governor the monopoly.

JUDGE BOND.

The visit of Judge Bond to this city at this period, is neither creditable to him as an Impartial Judge nor to those who invited him. We have had such strong proof recently of the bitter partizanship of our own State Judges, and the public confidence has been so shaken in their integrity, that it is unfortunate that a U. S. Judge so recently appointed and one of so little judicial prestige as Judge Bond enjoys, should have been disposed to dip into a controversy, which can only be settled perhaps satisfactorily if at all, by the best judicial experience of the country.

Judge Brooks' decisions, we have no doubt, were correct and would have been sustained by Chief Justice Chase. Moreover, a native of the State, he must have been fully cognizant of all the facts and having been a consistent Republican, was likely to have leaned as far towards the authorities and the wishes of that party as possible. He, however, rose above party in the matter and looked to the law and to right as his guide.

Judge Bond comes with no prestige as a learned Judge, with no history preceding him, except the one created by the difficulty of getting the approval of the Senate to his appointment and by the generally received notion that he was selected *because* he was a partizan, which seriously prejudices him in his *debut*, especially as the case has assumed a political or partizan shape. Moreover, the fact that he has been invited here by Gov. Holden for the *purpose* of interfering with the decisions of Judge Brooks—upon Executive who has rendered himself infamously odious in the State and throughout the country, as a lawless tyrant, a bitter and reckless partizan, and one whom the people can neither respect nor confide in, puts Judge Bond in a very unfortunate relation to a people whom he must serve for a little time as a judicial officer. We can but hope that his course in this matter may disappoint us and may give confidence to the people in his judicial intelligence and integrity, and his freedom from a low, petty partizanship.

P. S. We learn since writing the above that Bargen has sued out a writ of *habeas corpus* before Judge Bond, and that it will be considered to day.

THE FRENCH AND PRUSSIAN WAR.

The fates are against Napoleon and against France. This was plainly indicated in the outset. Prussia was the most, if not the only nation of Europe, ready to join battle with her foe at the time she received and accepted the challenge. She had the best disciplined and the best appointed army in the world. Her commanders were of the first order, and her soldiers had more recently come out of the smoke of battle victorious than those of any other nation. They had been recently tried and they could be trusted.

France on the other hand, although she threw down the gauntlet to Prussia with a flourish of trumpets, and emblazoned to the world her strength, her resources, her unanimity and her confidence of success, it is now palpable she was wholly unready for the conflict. Her commanders were unprepared, her troops undisciplined, but few of them comparatively had smelled powder, and in her appointments defect and decay were manifest. Here at a very early period disaster began to follow disaster in quick succession, until she is beaten on every field, her armies decimated, one of her best commanders with her Emperor have surrendered, and nothing awaits her but still further disaster, if she attempt further resistance.

The war was a wholly unnecessary one, nay, a wicked one. It has been a bloody war, and the time has come when the flow of blood should be stopped; no more is needed to keep the two peoples at variance for the next century. We hope the powers of Europe will at once interfere and put a stop to it. The pride of the French people has been deeply wounded, but it is evident a people whipped at every point, crippled and chagrined, are in no proper mood, even with many men and resources left, to keep up such a contest. Her people have come to look for defeat, and as strong as the nation yet is, and as formidable as the fortifications of Paris are, it is but too evident that if France persists in continuing the contest, it can only be at other great sacrifices, with no prospect of bettering her condition. We trust the war will therefore be put to an end. Its results have disappointed many, but it may really be best for the peace of the world, if the Bonapartes are forever dethroned and if a legitimate constitutional monarchy can be established in France. At all events there is an end to the Empire, and we judge, no hope of a constitutional Republic.

For the Sentinel

EDITOR OF THE SENTINEL: My attention has just been directed to an article in the *Daily Standard* of the 1st inst., in which it is stated that the notorious Boyd of Alamance, swears before the Pearson Judicial Inquisition that Plato Durham, Capt. Jarvis, (now elect to the Legislature,) H. C. Davis of Carteret county, Dr. John A. Moore and himself, were together in a room at the Yarborough House where the signs of the "Invisible Empire" were given and recognised. Some persons have supposed as I was the late member from this county in the House of Representatives, that "H. C. Davis" was intended to personify myself, and to identify me with the "Invisible Empire." I wish to say that our worthy collector of customs, the Hon. A. C. Davis, Colonel of militia, &c., &c., visited Raleigh very often during the session of the Legislature, and that the name, as printed, being more readily recognized as his than mine, Boyd might inadvertently have committed the error in the first letter of the name. I do not charge that Mr. A. C. Davis "Col. &c., &c.," belonged to the "Invisible Empire" and exchanged signs with Boyd, but merely intend to say that the testimony raises the presumption that A. C. Davis is more likely to be the H. C. Davis referred to than J. Henry Davis. In conclusion, I will add that I am not only opposed to "Invisible Empires" but to the Holden Kirk militia, Judicial Inquisitions, the suspension of *habeas corpus*, Bastilles for freemen, and the general corruption and rottenness of the Radical party.

Respectfully,
J. HENRY DAVIS.
Beaufort, N. C., Sept. 4th, 1870.

A correspondent writes to us from Liverpool to express the mortification and resentment with which, as an American travelling in England the atrocities committed upon the people of North Carolina under the sanction of Governor Holden and President Grant inspired him on being brought to his attention through the medium of the English press. Dropping into a coffee-house with two compatriots, he found one Englishman reading to some half dozen others an account of how Kirk's vagabonds, backed by United States artillery, hung men up by the thumbs, cast them into dungeons, abused and insulted them, and tore up writs of *habeas corpus* issued in their behalf. "It caused me," said our correspondent, "and my two friends to blush with shame that such a state of things should exist in our free and happy country, and that the President of the United States should be a party to it." The facts as gloated over by the Englishmen he could not deny, nor in the character, antecedents, or general repute of President Grant could he find any argument of improbability to show the unlikelihood of that functionary descending to the dirty work of Holden's coadjutor. Perhaps by this time the news that, Grant, Kirk and Holden to the contrary, the North Carolinians, with the approbation of the whole country, have vindicated the purity of elections, the sanction of the writ of *habeas corpus*, and the worth of the great principles of constitutional liberty, may have reached our correspondent's Englishmen in their coffee house, and taught those Americans are not yet so cowed as to be the willing slaves of executive usurpation; but, though this particular slur upon our national good name may be effaced, there yet remains the perpetual liability to be sneered at and misunderstood abroad so long as a man utterly ignorant of the first principle of civil liberty or official decorum remains at the head of our affairs.—*N. Y. World.*

*The counties in which the Radicals made majority gains on the Presidential vote of 1868, are as follows: Alamance 208; Cabarrus 59; Carteret 4; Clay 54; Cumberland 13; Duplin 2; Edgecombe 894; Franklin 3; Greene 13; Halifax 370; Hyde 94; Pitt 30; Sampson 31; Wayne 87; Madison 109; Nash 57; Onslow 42; Stanley 39; Tyrrell 53; Warren 78; Wilson 35; amounting in the aggregate to 2,275. Most of these gains were caused by the neglect of Conservatives to go to the polls; especially was this the case in Edgecombe, where the largest increased majority occurs.

†Caswell failed to make return, and the vote of Gates thrown out for erroneous return.

‡Dare is a new county, erected since the Presidential election of 1868.

DESTRUCTIVE STORM.—On Tuesday evening, August 30th, about sundown, a terrific storm of wind, rain and hail passed over a portion of Steel Creek towards Morrow's Turnout in this county. The growing crops on the plantations of S. B. Knox, Ezekiel Carruthers, Wm. Erwin, Mrs. Sarah P. Elms and James Hennigan, we learn suffered badly—in some places the cotton fields looking as if they had been stripped by caterpillars. Fodder was stripped clean from the stalk by the heavy hail, and fruit and other trees in large numbers blown down. Mrs. Elms had a young orchard entirely destroyed.

The storm covered a width of about 1½ miles, and lasted but a short time, but the destruction was indeed great. We have not been able to learn the full extent of damage, but are informed that in addition to the loss in crops, houses suffered considerably—Mr. Carruthers having three outbuildings blown down and Mr. Erwin one. *Charlotte Democrat.*

When national politics again come prominently before the people of the South, there will be but two parties—as, indeed, there are now but two parties—the Radical and Anti-Radical; the latter composed of Conservatives and Democrats, and all others who are opposed to the course which has been pursued since the war by the leaders of the Radical party, and under whose direction the policy of the present administration has been shaped and conducted. Gen. Grant will again, no doubt, be the candidate for President selected by the Radicals, as he has, in almost all cases, come up to the mark, set by the ultras.—Who the Conservatives and Democrats will have for their candidate we cannot say.—We hope he will be an able man—a man worthy of the high station—a man who will be in favor of a constitutional union—of all the rights of the States yet left under the constitution; peace, justice and equity. *Alexandria Gazette.*

DESIRABLE PROPERTY.
I WILL SELL OR EXCHANGE FOR GOOD City property one of the best Cotton and Grain Farms in Eastern North Carolina. The tract of land contains about twenty-two hundred acres, of which seven hundred acres are cleared, under fence and in good condition for cultivation. A large part of it is in cultivation this year. The soil is fertile, neighborhood good, labor cheap and plentiful. The dwelling house is large and commodious, with all necessary and convenient outhouses. The Stables, Barns, Houses for laborers &c. are good and numerous. This farm lies immediately on navigable water, and has passing through it good water power, where there is now a Grist and Saw Mill and Cotton Gin. The place is desirable for conducting large Mercantile operations, and is a beautiful location for a town or colony. A Steamer passes every day, and touches at the wharf two hundred yards in front of the dwelling. The surrounding county is rich and improving, and settled by intelligent, refined and prosperous people. Address

SEND YOUR ORDERS IN TIME.
FOR THE IMPROVED
"UTLEY COTTON PRESS."
THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allsup Co., Newbern, with its improvements.
Price $175.00.
This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Rod Plate, Follower Block, and two 1½ inch square iron bars, which is capable of sustaining a strain of 100,000 lbs. Three giving much more strength than is required. With this Press two men can pack a Bale of Cotton with ease in EIGHT MINUTES WEIGHING FROM 400 to 500 lbs.
One man can do the work, only requiring longer time.
It occupies a very small space, and can be so placed as to receive the lint direct from the Gin's Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint. It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.
I believe it unequalled by any Press for power, convenience and durability.
Press complete—Depth Cotton Box 8 feet 'Size Bale 44 feet 12x24x30in; wt. Bale 400 to 500 lbs.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, SEPTEMBER 7, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

WARRENTON.—The account of the Warrenton barbecue by our reporter is necessarily crowded out to day.

TEMPERANCE FAIR.—We learn that the regular and associate members of Oak City Council, Friends of Temperance, of this city are making preparations to open a Fair at the Concillah, on Tuesday and Wednesday next, the 13th and 14th inst. The object is to raise a fund to pay off a debt and everything nice and pretty will be brought to bear for the accomplishment of the object.

LITTLE JACOB GRAUSMAN.—We omitted yesterday to allude to the funeral ceremonies of little Jacob Grausman, which took place on Sunday afternoon at 4 o'clock. The melancholy circumstances of his death enlisted the sympathies of our citizens, and a very large concourse accompanied the funeral procession from the residence of his parents, to Oakwood Cemetery. A part of the procession consisted of children not much above the age of the deceased, connected with the Baptist Sunday School, under the charge of Prof. W. J. Palmer, who, at the grave, sung, in a most touching manner, an anthem suited to the occasion.—The incident drew tears from the eyes of almost every one present.

We are requested by a friend of the family to say, that the parents deeply feel and appreciate the kindly sympathy shown them by their friends and neighbors, and our citizens generally, in the dark hour of deep affliction that has fallen upon them.

SEASON CLOSED.—The melon season has about closed; only a few watermelons are coming into market, and they are hard looking, knotty cusses, mostly, that are gathered from the ends of exhausted and decaying vines. Such fruit cannot be other than unhealthy, and we caution our people against eating it; let the pigs have it; perhaps their stomachs can stand it, but we do not think human stomachs are equal to the task of digesting it.

THE WARRENTON JUBILEE.—Mr. Turner returned on Monday from his visit to the big mass jubilee and barbacue at Warrenton, which came off on Saturday last. He made no tarry in the city, however, but went on to Hillsborough to his home. We suppose he will have something to say of his trip when he gets sufficient leisure, for never was man better pleased than he was with the good people of Warren, their open hospitalities, the kindly reception he met with, the profusion of good things at the feast, and the good order and good will that prevailed on the occasion. We, the Local, stand ready to endorse anything favorable that may be said of the good people of that good old county, for we know them and know they are true blue.

NOW THIS CRUEL WAR IS OVER.—Yesterday morning we met one of Holden's disbanded State Troopers, of the white wing, who had just been paid off out of the *enjoined* funds, and who appeared to be "as happy as a lord." He had his knapsack and canteen swung by his side and his banjo on his shoulder, and, as an evidence that he had been as successful in the courts of Cupid as in the field of Mars, there marched lovingly by his side a strapping African wench, who had agreed to participate with him the sweets to be gathered along the pathways "of fair, delightful peace," as they meander through the huckleberry orchards of Jones, or along the tadpole studded margin of some meandering swamp of Craven. They were a loving pair, and lovingly were they discussing the probability of reaching the depot in time to "hit the train."

GO IT, YE BRAVE.—The Holden State Troops that have just been paid off and disbanded, seem to be enjoying themselves in their own peculiar fashion, namely, getting drunk and fighting and getting into the clutches of the officers of the law for stealing.

THE NEW ENGINE HOUSE.—The new brick building near the SENTINEL office, on the corner of the Court House Square, is about receiving the finishing touches. In a day or two the Rescue Steam Fire Engine will be placed in its new quarters. We presume the Company will turn out in holiday attire on the occasion of moving into the new building.

ROBBERY.—The vault of the Methodist Mission rooms in New York city was entered by robbers a few nights ago, and Jersey city bonds to the amount of $15,000 the property of Rev. Dr. Durbin were stolen and a small amount of money—say $300.

LAW AND POLITICS.—We should judge that the business of the office of Attorney General of the United States would require very closely the attentions of that officer, especially one like Mr. Ackerman who has been so recently appointed. His visit to Georgia and his making political speeches in Georgia at this time, strikes us as very unbecoming the law officer of the government.

U. S. SENATE.—In addition to the names of Gov. Vance, Gov. Bragg, Col. Cowan, Judge Merrimon, A. J. Dargan and Col. Robert Strange, as suitable persons for the U. S. Senate, already named in the SENTINEL we observe that Gov. Graham, Judge Gilliam, Josiah Turner, Jr., Gen. M. W. Ransom, Col. W. A. Allen, E. F. Shober, and perhaps others have been added. There is certainly no lack of eminent men in North Carolina.

Judge Watts holds his Court in Franklin County during this week and the next.

ANOTHER CANING.

A friend sends us a cane of his own manufacture, for which we are greatly obliged. His description of it will be interesting.

NEAR RALEIGH, Sept. 2, 1870.

Hon. Josiah Turner, Jr.:

DEAR SIR—Please accept, as a token of my highest respects, a small walking cane, wrought by my own hands. It is made of the root of a beautiful tree. It is said by the best observers that this root will neither rot nor decay. You may expose it to the pelting rains, the hot rays of the sun or it as please, you may shut it up in a close room in which it cannot receive pure water or salubrious air, and it is the same sound and bright looking stick. The tree from which it was taken is beautiful, and when the rotten limbs are discovered, it looks magnificent; it produces an excellent fruit, after those rotten limbs are cut off, which is very delicious and nutricious.—The timber from this tree is also valuable when wrought by the proper workmen, (as an axle for instance) it will bear the heaviest burthen and yet it will not break. The leaves of this tree are also very valuable when manufactured by skillful workmen; it makes a beautiful silken cord to bind up the wounds of the people, and lastly the elasticity of this little cane is remarkable. You may bend it till its two ends meet, but as soon as it is turned loose, it will spring back with astonishing alacrity to its former position.

Your obedient servant,
JOS. BRIDGERS.

We learn incidentally that our fellow-citizen, Wiley J. Palmer, Esq., the accomplished Superintendent and Principal of the institution for the Deaf and Dumb and the Blind, in this city, has been offered the situation of Principal in a new Deaf and Dumb institution at Toronto, Canada, and that the offer has been repeated in such a flattering and emphatic manner, as to induce him in justice to himself and the parties making it to take it into serious consideration. We could not advise a man situated as Prof. Palmer is, to disregard the calls of private interest and the demands of a growing family, but we do think our State ought to make it to the interest of useful men among us to remain where they are, rather than be obliged to seek the reward of their talents and labor abroad.

SECOND EDITION OF HABEAS CORPUS.—Monday evening a writ of *habeas corpus* was sued out by "Lt. Col." Burgen of Holden's 2d Regiment of N. C. State Troops, who has been residing for some days past in the common jail in default of a $2,000 bond.—This matter came before Judge Bond of the U. S. Circuit Court at Chambers, but a hearing was postponed until this morning at 10 o'clock, at the instance of the counsel for the prosecution, who desired time to read the petition in order to make a proper response, that opportunity not having been afforded them. The Court will be held in the Senate Chamber and several important questions will be discussed.

THE CHATHAM COAL-MINES OF NORTH CAROLINA.—The Deep river coal fields of North Carolina exemplify the principles above stated. At Egypt, in Chatham county, a few hundred yards from Deep river, a perpendicular shaft has been sunk to the depth of four hundred and fifty feet. Organic remains are found in countless numbers among the slates which are perforated by the shaft. These slates are so bituminous that they burn readily, and with a bright flame. At the depth of four hundred and twenty feet, the first layer of coal is reached whose thickness is six and a half feet. Properly, it consists of two layers of coal, separated by a layer of *black band* iron ore. This black band is similar to the *Scotch black band*, so celebrated for the manufacture of the best wrought iron. It is probable that this ore accompanies the coal throughout the whole of the Deep river formation. The geographical area of this coal field is still undetermined. It has been variously estimated from twenty-five to one hundred square miles. It is certain that this depository of fuel is so great that it will not be exhausted for several generations. The Deep river coal is better and cheaper than wood or charcoal for conducting many branches of manufacturing industry. It is so valuable in reducing the black band ore with which it is associated that cast iron can be made for nine and a half dollars per ton, or less than half a cent per pound. Here are the elements which always attract capital and build up intelligent and thriving communities; and a geologist would predict that the Deep river region of North Carolina must become the most opulent and flourishing district in the State.—*From a Lecture by Prof. Simmons.*

THE GRAND SCRIMMAGE!—The gray-haired can hardly believe their eyes when they see their whitened locks restored to their pristine beauty by a clear and transparent fluid. PHALON'S VITALIA, OR SALVATION FOR THE HAIR, is the article in question, and is free from any sediment.

Sold by all druggists and fancy goods dealers.

A Tainted Atmosphere

Malarious fevers are most prevalent in the fall. Heavy and unwholesome exhalations then arise from the earth, and the great disparity between the temperature of day and night predisposes the system, enfeebled by the summer heats, to epidemic diseases. The secretive organs, the liver especially, are apt, at this period of the year to become inert and sluggish, and all the bodily powers require renovation. The best, indeed the only protection against the morbid influences of the season is a wholesome medicated stimulant. Pre-eminent among the restoratives of this class, and indeed foremost among the remedial and preventive medicines of modern times, stands Bostetter's Stomach Bitters. Its reputation is co-extensive with the Western Hemisphere; it has been a standard article for twenty years; its sales (as may be ascertained by the revenue returns) are far larger than those of any other proprietary preparation on this continent; and the testimony in its favor embraces letters of approval from the most distinguished members of all the learned professions and from well known residents of almost every city in the Union. These are its credentials. To state what it is doing to prevent and assuage the sufferings of the human family would require more space than can be given to the subject here. The dyspeptic, the bilious, the nervous, the weak and emaciated, the desponding, the broken down, find in its restorating and regulating properties a sure and immediate means of relief. It is a pure vegetable specific, at once safe and potent, and for which the whole materia medica affords no substitute.

A NOTABLE WEDDING.—The marriage of Mrs. Susan Pettigru King and the Hon. C. C. Bowen, which has been a subject of town-talk in Charleston for some time, was to have taken place in Washington at six o'clock yesterday evening. Mrs. King is the relict of the late Capt. Henry King, and the daughter of the late James L. Pettigru. Mr. Bowen ran even in this district in Congress, and is a candidate, upon the Republican ticket, for re election.—*Savannah News.*

Tuesday Evening Dispatches.

FOREIGN.

LONDON, Sept 6.—A Bavarian corps carries 30,000 French prisoners from Sedan to Prussia.

Emily's death is denied.

The *Daily News* says that Jules Favre, as Foreign Minister, has already made peace, the principals involving the withdrawal of the Prussians and the abolition of the French standing army.

The *Times* and other London journals favor the French revolution as a clear expression of the national will. They anticipate no disorder.

The names of Paris streets are already changed. The avenue "L'Emperour," becomes "Rue Victor Noir."

Congratulations have reached France from the republican Committees of several nations. Great numbers of Republicans are already leaving London for Paris.

Victor Hugo reached Paris last night.

PARIS, Sept. 6.—Notwithstanding the dominance of the mob, public order is maintained.

Etienne Arago in taking possession of Paris as Mayor, in the name Republique, issued a stirring address, recalling the patriotic events of 1792-1848. He concluded as follows: "Citizens, to speak to you how as our fathers did in '92."

Rizoza, the country is in danger rally around this Parisian municipality, dis fended from siege by a soldier of the Republic. *Vive La Republique!*

Bazaine holds out at Metz. The total number of French under arms, including the Garde Nationale and Garde Mobile, is seven hundred thousand.

It is stated that Count Palikao and Henri Chevasan, late Minister of the Interior are in Belgium, having fled during the crisis preceding the Declaration of the Republic.

It is rumored that a strong Italian column is marching on Rome.

Fernand D. Loscaps, a kinsman of the Empress, advised her to sign an abdication.—She proceeded to the hall where the ministers were in session for this purpose. The ministers advised her not to sign. The Princess Clotilde, was the last of the Imperial family to leave the Palace apartments. The Imperial apartments indicate a hasty departure. The person left in charge of the Palace said all those to whom the Empress had been so kind abandoned her; not one remained to see her off. Nothing in the palace is injured. BANKER CIGARS.

PUFF OF SATISFACTION.—Nothing is more grateful than the solace of a good fat cool and free-smoking cigar. Such are Soho, n's Bankers, the best cigars for their price in the country. They have become so universally popular in North Carolina, in Raleigh particularly, that all the inveterate smokers are breaking their pipes.

We honestly think two boxes of Mohegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.

We recommend the Bankers, and know whereof we affirm, for as we write we are consoled with the proud satisfaction of puffing one, and enjoy it hugely.—*Norfolk Journal.*

A New Discovery!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!

WITHOUT SEDIMENT!!

OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY CEASE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skil. and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and *every* year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in many cases, *considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all* the plans of *Mutual or Stock* Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured enjoys its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and *a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

P. F. PESCUD,

June 9-13taw3m Gen'l Manager.
